Comments stated in-person at City Hall.

- Debris is left behind not just in the days following Independence Day. For weeks and months after, every time the wind blows, more debris will fall from rooftops and trees.
- Fireworks is my favorite part of living in Moxee.
- Its dangerous, like a warzone.
- People park in my driveway!
- Leave as it, it's a free country, too many freedoms are being taken away.
- Goes on all night long and for days leading up-to and after the 4th.
- They like the fireworks, but Moxee needs to do better at enforcing the rules.
- All my friends and family come to light fireworks at my house every year.
- We want it to go away – it's a miracle our house hasn't been burned down yet!
